

WELCOME TO LISBON

DMG and Prof. Liu Feng at the ESCD Congress

»Soul of Esthetics« is the motto of the 15th Annual Meeting of the European Society of Cosmetic Dentistry (ESCD). Of course, DMG may not be missing – and we would like to give you two exciting events in the context of the congress especially to the heart.

Prof. Liu Feng from the University of Beijing will address the theme.

»To establish or maintain? Strategies of pink esthetics in implants« in a highly interesting lecture.

In a separate hands-on workshop Prof. Liu will also demonstrate the benefits of the digital workflow in manufacturing surgical guides.

MEET PROF. LIU FENG

Lecture

»To establish or maintain? Strategies for pink esthetics in implants«

Friday, September 21, 6.00 pm Auditorium 1

Hands-on Session

»From digital guided immediate implant placement to esthetic chairside restoration«

Saturday, September 22, 11.30 am Hall 2

Take the opportunity to experience Prof. Liu Feng in person.

We look forward to seeing you.

The 15th ESCD Annual Meeting ...

... takes place from 20 to 22 September 2018

in Lisbon, Portugal, at the Feira Internacional de Lisboa, PT Meeting Center

Further information can be found at <http://soulofesthetics.eu/>

Visit DMG at booth no. B3

If you should have any questions - your personal DMG contact person will of course be happy to help.
